HW 11: Due 11/07

*"What you learn from a life in science is  
the vastness of our ignorance."*

*—David Eagleman*

**Problem 1.** (10pt) Plot the linear function  $f(x) = \frac{2}{3}x - 4$  as accurately as possible.

**Problem 2.** (10pt) Plot the linear function  $f(x) = 7 - 2x$  as accurately as possible.
